**ZEPF FLEX-EX Power Periotome**

While using new materials, we were successful in the development of a symbiosis of PowerPeriotome, Elevator and Xtool.

The flexible working tip will enable you to build up a phenomenal pressure for the luxation in a radial direction and a perfect match to the contour of the tooth at the same time without bending.

The name stands for the excellent product features united in this instrument.

**ZEPF FLEX-EX** Power Periotome.
